

WORK DONE TO KICK OUT THE PROSTITUTES & CATCH THE KERB-CRAWLERS

September 2010

Dear Residents,

From the community intelligence we have received from residents living in this area, a concerted effort is being put in by various service areas of Redbridge Council and the Police to improve the general outlook of the trees/bushes in & around Nigel Mews/Cecil & Riverdene Road & Kenneth Avenue.

The trees have been lopped, the bushes have been trimmed, 5 new white light spot-lights have been installed, 2 cameras are in place, and the 3 recycling bins have been removed. The Police having conducted many night operations have arrested prostitutes and taken them to court. They have also caught dozens of "kerb crawlers" using modern technology and cautioned them. Many more operations are to follow, resources permitting. Extra Police are being drafted in to clampdown on the sex trade in this area. Police said "Cameras will be used to convict women & if we manage to reduce supply and demand by issuing antisocial behaviour orders, we are confident we can crack this".

Insp. Brewster & Sgt. Fyfe lead the Police Operations, whilst Mr. Grayer, Trussler, Richards, Jardine & Marshall were responsible for the lighting & trees/bushes trimming. Mr. Perkins & Jones were the Camera experts and Miss. Harveil Toor & Mr. Walby led the Councils Anti Social Behaviour operations alongside the Police.

Besides the prostitutes and kerb crawlers, the cameras also caught out dozens of people fly-tipping in the area & almost all received a Fixed Penalty Fine of £80.

The Police and Anti Social Behaviour operations would not have been possible without your valuable contribution, so please keep informing us of any unsavoury activity that you witness in your roads.

The Loxford Ward councillors extend their deep felt gratitude to all those mentioned in this news-letter and hope that this level of support and care for Loxford Ward may long continue.

Yours most sincerely,

Cllr. Filly K Maravala
